

# SMART SPEAKER BULB

Bring light and music together in one. As effortless as screwing in a light bulb, this wireless speaker light streams music over Wi-Fi.

The light bulb is packed with a full range high-excursion speaker that delivers rich and consistent sound. Link up to 30 lights together for a multi-room experience, with control from the NuBryte Touchpoint or the NuBryte App.

**Compact Yet Powerful**  
Fantastic background speaker that can be set as mono or part of a stereo pair.

**Multi-Room**  
Create speaker groups for a Multi-Room experience.

**App Ready**  
Use the NuBryte mobile app or Airplay for instant setup.

**Simplify Installs**  
Simply replace light bulbs in the home for connected audio & LED downlighting.
