

# ACTIVE CEILING SPEAKER

Introducing our NuBryte Ceiling Speakers, these wireless speakers bring crisp audio sound into the home. Easily installed with built-in power supply, the sophisticated design works to bring deep bass and exceptional top-end frequency response.

It fits beautifully into any interior ceiling design with a magnetic, borderless trim featuring a paintable woven grille.

**Active Streaming**  
Wi-Fi inside for streaming without running cable.

**Multi-Room**  
Create speaker groups for a Multi-Room experience.

**2-Way Powered**  
Wire to a passive speaker for stereo sound.

**Kevlar Cone**  
High grade kevlar-woven cones for durability.
